

# Green Programme Making

## **Hemini Mehta**

---

Hemini Mehta is an experienced Technical Professional in all things digital (video on demand, live streams, websites, mobiles, TV, STB & games consoles) with an angle on Sustainability. She leads several groups within EBU with European Public Service Media within many areas of sustainability, and she represents them in the ITU and EC. She also has a presence in academia, from lecturing, examining and mentoring PhD candidates.

## **Kurzfassung des Vortrags No. 65**

---

The presentation will provide an overview of how European Public Service Media are integrating sustainability practices into their green productions. The presentation will cover different frameworks and practices (e.g. sets, energy, and the Cloud) used across Europe with real examples.
